# Don't Muck Around

# When You Rent a Limo

## ...or the ride of your life could take a wrong turn.

Unlicensed limousines are not inspected and may be dangerous. And the drivers may be unfit, untrained or uninsured as Chauffeurs. Don't gamble with your safety and the safety of others.

## Hire a Licensed Limousine Service

Licensed limo services must hire trained chauffeurs and undergo annual vehicle inspections. Each car carries proof of more than $1 million of insurance and a state-issued limousine certificate that you can ask to see.

Before you go–Verify that the limo service you hired is licensed.

Visit **dol.wa.gov** or call (360) 664-1389.
