Attachment B File Layout

Department of Licensing will provide to the Licensee vehicle Data contained in DOL database using the mutually agreed upon file layout below. DOL reserves the right to edit and/or change the *File Layout* as considered necessary to the functions of DOL, with notice to the Licensee.

- Method of Access/Transfer: Once an established Secure Data Transfer connection with the host computer at Licensee location is confirmed, DOL will provide Data listed in *File Layout* list below, to Licensee.
- Delivery Method: Secure File Transfer Protocol (SFTP)
- Frequency of Data Delivery: 24/7 on an hourly basis

1. DESCRIPTION OF COLUMNS

- Field Number identifies what location (position) the Data begins at in the file.
- Reference Name describes the type of Data in that field.
- Field Name identifies the name DOL field Data is stored in.
- Field Size identifies the maximum number of characters for Data in that field.
- Data Category is identifies whether the data element is deemed as Personal Information or not.
 - Elements marked as "3" are Personal information and fall under Category 3 Data Classification standards as noted on Attachment A. Elements marked as "1" are not Personal Information and fall under Category 1 Data Classification standards as noted on Attachment A.

2. USE OF REPORT OF SALE INFORMATION

Report of sale information is provided so that Licensee may accurately determine proper ownership of a vehicle. Therefore Licensee must not filter out or otherwise disregard report of sale information when provided.
