

# APPROVED COURSES – REAL ESTATE APPRAISERS

**MARCH 30, 2018**

**NOTE:** The date referenced above is the date the list has been updated through.

The following list represents all current courses that have been approved by the Department of Licensing, Real Estate Appraiser Program for the purpose of meeting one or more of the educational requirements for pre-examination and for renewal of appraiser licenses or certificates.

The Department of Licensing in no way recommends any particular school or organization.

This list **does not** include courses offered through accredited State Colleges and Universities. These are exempt and not required to apply for approval. Contact Community Colleges and Universities in your area to obtain a list of courses that are specific to real estate appraisal.

This list is continually updated. As new courses are submitted and approved and other courses are renewed, they are added to the list. Those that have expired and *one-time events* that have already been held are removed from the list.

To search the catalog, you can use the CTRL+F function which will open a small search window.
