March 11, 2014

Dear School Owners,

We have recently learned there are concerns regarding our practical testing centers. Starting March 12, 2014 and until further notice, we are discontinuing any practical testing at the Fife and Spokane testing center sites. Any candidates who are currently scheduled for a practical exam will be rescheduled and notified by Ergometrics at a later date.

We apologize for the inconvenience and plan to have the Fife and Spokane practical testing center sites up and running very soon. The written examinations will continue to be scheduled and administered as usual by Ergometrics including written examinations at the Spokane testing center.

We are dedicated to providing highly professional and responsive examination services to our industry and our candidates. We believe these actions and our further initiatives will enable us to achieve these goals.

Thank you for your support and we look forward to continued success through our partnership.
