An * by a certificate number, denotes that the licensee was issued more than one number. Prior to 1965, it was the practice of the Board to issue a new number to a licensee whenever an endorsement was added to a license.

A ** by a certificate number denotes that the licensee was issued more than one number, and that this is the actual license number for the licensee.

A *+ by a certificate number denotes that the licensee was issued more than one number, and this number is now void.

An * by a certificate number, denotes that the licensee was issued more than one number. Prior to 1965, it was the practice of the Board to issue a new number to a licensee whenever an endorsement was added to a license.

A ** by a certificate number denotes that the licensee was issued more than one number, and that this is the actual license number for the licensee.

A *+ by a certificate number denotes that the licensee was issued more than one number, and this number is now void.

An * by a certificate number, denotes that the licensee was issued more than one number. Prior to 1965, it was the practice of the Board to issue a new number to a licensee whenever an endorsement was added to a license.

A ** by a certificate number denotes that the licensee was issued more than one number, and that this is the actual license number for the licensee.

A *+ by a certificate number denotes that the licensee was issued more than one number, and this number is now void.

An * by a certificate number, denotes that the licensee was issued more than one number. Prior to 1965, it was the practice of the Board to issue a new number to a licensee whenever an endorsement was added to a license.

A ** by a certificate number denotes that the licensee was issued more than one number, and that this is the actual license number for the licensee.

A *+ by a certificate number denotes that the licensee was issued more than one number, and this number is now void.
