

IFTA Power Take-Off (PTO) Schedule

Use this schedule when claiming an IFTA PTO credit on your Washington fuel tax refund claim. We will accept computer generated schedules as long as the format is identical to ours. You must keep daily mileage records for each vehicle. See next page for instructions and credit percentage factor.

Company name _____ License number _____ Reporting period _____

A Equipment number for all vehicles	B PTO type	C Total miles	D Total fuel used in vehicle	E IFTA fleet average miles per gallon (from IFTA tax return)*	F Washington taxable miles	G Taxable gallons (column F divided by column E)	H Credit factor % (see instructions)	I Creditable gallons (column G times column H)
Total								Total

*Use two decimal points for column E only, all other columns round to whole numbers.

Instructions

Individually list all vehicles included on your IFTA tax return. Total columns: C, D, F, G, and I. If using multiple pages, subtotal each page.

Column A: Enter the assigned equipment number. If no number is assigned, use the vehicle license plate number.

Column B: Describe the PTO unit, see chart below. Leave section blank for vehicles without PTO units.

Column C: Enter the total miles operated. The total of this column must match the corresponding amount on your IFTA tax return.

Column D: Enter the total fuel used. The total of this column must match the corresponding amount on your IFTA tax return for all jurisdictions.

Column E: Enter the average miles per gallon (AMG) from your IFTA tax return.

Column F: Enter the total miles operated on Washington public roadways during the reporting period. The total of this column must match the corresponding amount on your IFTA tax return.

Column G: For each line, divide column F by column E to get Washington taxable gallons. The total of this column must match the corresponding amount on your IFTA tax return for Washington.

Column H: Enter the credit percentage factor from the chart below that matches the vehicle indicated in column B. Leave section blank for vehicles without PTO units.

Column I: For each line, multiply column G by column H. The total for this column will be entered on line 13 of your Fuel Tax Refund Claim form. Leave section blank for vehicles without PTO units.

Questions: Contact us at (360) 664-1868.
