

Washington Administrative Code Notice of Permanent Rules for Enter Subject of rule change – do not list WAC # here

Adoption of: WAC 308-107-090 Ignition interlock device—Medical exemption.

Effective date: These rule changes will become effective 31 days after filing (approximately November 25, 2017).

What are the agency's reasons for adopting this rule:

This rule outlines the process the Department will follow to waive the ignition interlock device tolling requirement from an individual's record for medical purposes as required in RCW 46.20.720(3)(e). E2SHB 1614, enacted by the 2017 legislature, requires DOL to allow individuals to obtain a medical exemption to their Ignition Interlock Device (IID) tolling requirement if they have a physical disability preventing them from operating an IID.

Summary of all public comments received on this rule proposal and the agency's response to those comments:
