Getting Started

Department of Licensing provides you with online services, via License eXpress for Business, for the following vehicle account types:

- Plate Search
- E-Permits
- Fleet Access
- Insurance Destroyed Reporting
- Wrecker Destroyed Reporting
- Abandoned Vehicle Reporting

All License eXpress (LX) for Business users must register for their own LX for Business account. If you already have an LX business account, you can add new services to your existing account. Each business is allowed one account administrator, as many managers as needed, and as many employees as needed.

Manage Users Functions

This section explains how administrators and managers generate an access code for new managers or employees, how to change access, and how to remove access.

Generate Access Code for Managers and Employees

1. Login to License eXpress for Business secure.dol.wa.gov.
2. Select the appropriate account if you have more than one.
3. Click the Create new user access code hyperlink.
4. Select the appropriate option form the Access Level dropdown menu and click Next.
   Note: A Manager performs actions and manages users. An Employee performs actions but cannot manage users.
5. Review the request and click Submit.
6. License eXpress automatically sends you an email with the access code, which you can then send to an employee or manager. The employee/manager accesses the Correctional Facility account using this access code. You will also need to provide the employee/manager with the State or Federal ID and Correctional Facility ID account number.
   Note: Access codes expire 8 hours after they are created.

E-Permitting Accounts

The E-permit system automates the dealer temporary permit process and allows Washington licensed dealers to issue permits electronically. The business will need to assign one person as the account administrator.

Do not use the E-permit system when:

- The E-permits system is down.
- You are at an off-site sale location where you do not have access to the Internet.
- Your Internet service provider or phone line is down.
- A hardware failure at your dealer location prevents access to data. Not having supplies, such as paper or ink cartridges, does not constitute a hardware failure.

When one of the above situations occur, you may issue hard copy permits. You are required to enter the information from the hard-copy permit into the E-permits system within **24 hours** of issuance, hardware/software resolution, or returning to the office if the hard copy was issued off-site.

E-Permit or Paper Permit Information

Add an E-permit via License eXpress for Business, using your E-permit account, after they are purchased from your local vehicle licensing office. Go to your local vehicle licensing office to purchase E-permits, the same way you purchase paper dealer temporary permits.

1. Give the licensing agent your dealer number and location code. Be sure to provide your dealership’s correct location code so the E-permitting system will know to which dealership location to credit the E-permits purchased.
2. Request the number of E-permits you need at each location, if applicable (no limit).
3. Pay $15 for each E-permit.
4. Get your receipt from the licensing agent.
Request Access to an E-Permitting Account

The person who applies for the E-permits account is the account administrator. The administrator is responsible for generating access codes for their managers or employees and managing users who have access to the account. The system allows only one administrator per business.

1. Login to your License eXpress for Business account (secure.dol.wa.gov).
2. Click the Add an Account tab.
3. Click the **Request access to vehicle-related services** button.
4. Click the **Request access to an E-permit account** button.

5. Select the appropriate option from the access level dropdown menu.
6. Enter the Unified Business ID (UBI), Dealer #, Click the **Next** button.

7. Click the **Next** button to continue past the location(s) section.

Add a New E-permit or Paper Permit Manually (without XML file)

The steps for issuing an E-permit and logging a paper permit are very similar. The difference is that E-permits print at the end of the process. Use the Add New Permit With XML process, if your internal system at the dealership has the capability to export an XML file, you can import the file during this process. If your system does not have the capability to export an XML file, you can add the information manually.

1. Login to your License eXpress for Business account (secure.dol.wa.gov).
2. Select the appropriate account if you have more than one.
3. Click New E-permit or New paper permit hyperlink.

   ![I Want To](I Want To.png)

4. Click the New or Used button and complete the following steps. If clicking New, complete step a and proceed to step 5.
   a. Enter the Vehicle Identification Number (VIN).
   b. Select the appropriate option from the State dropdown menu.
   c. Enter the Title number and Issue date, if applicable.

5. Enter the Sale date. The Registration expires field will automatically populate after you enter the sale date.

6. Enter the Purchase price/Value code.

7. Enter the Date of delivery, if applicable, or enter the Permit number if you selected the paper permit hyperlink in step 3 above. This section will not appear on the page for issuing an E-permit.

8. Enter the Odometer code and Odometer reading, if applicable.
9. Click the **Next** button.

10. Select Vehicle type, Use type, and Fuel Type from the dropdown menus, if applicable. Follow the Cannot Find Vehicle During E-Permit Process, if the appropriate options are not available or pre-filled.

11. Verify the vehicle details are correct or click **Yes** to Override details. The Details and Trim section will be pre-filled and cannot be edited unless you click Yes to Override details.

12. Enter Additional Information in appropriate fields, if applicable, and click **Next**.

2. Type your message, or keyword, and click Enter. Waddles will do its best to direct you to information to help you complete your transaction.

Support ID

If you are having trouble completing a submission in your business account, call or email the Department of Licensing so we can help you with this issue, 360-664-9698 or DRIVESHelp@dol.wa.gov. If we ask you for your Support ID, you can retrieve it from your account. It is important to capture this number immediately after you come across an issue. If possible, do not log out of your account until we help you resolve the issue. Each time you log out of E-services, the support ID number changes.

1. Click the Support Menu icon. You can access the menu icon from any screen in your E-services account.
