

California Emissions Compliance/Exemption Certification

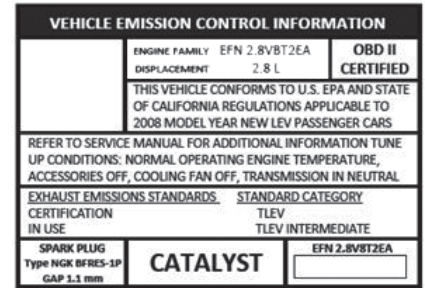

You can use this form to title and/or register a vehicle when you do not have the Manufacturer's Certificate of Origin. Model year 2009 and newer passenger cars, medium duty passenger vehicles, and light-duty trucks must have been manufactured to meet California emissions standards to be registered in Washington. After completing and signing this form, turn it in to any vehicle licensing office with a Title/Registration Application.

- This form is only required for model year 2009 and newer passenger cars, medium duty passenger vehicles with a gross vehicle weight rating less than 10,000 pounds, and light-duty trucks with a gross vehicle weight rating 8,500 pounds or less in the absence of a Manufacturer's Certificate of Origin.
- Write the vehicle year, make, model, and vehicle identification number (VIN) in the space provided for the vehicle you want to register.
- Check the box(es) listed below that describe the vehicle you want to register.
- Read the certification statement, then print and sign your name.

Under hood emission label

An emission label can be found permanently affixed under the hood of every vehicle. This label will have the following, or similar, wording indicating the vehicle conforms or is certified to California emission standards:

- **For a California-only vehicle:** This vehicle conforms to U.S. EPA and California regulations applicable to 2009 model year new motor vehicles introduced into commerce only for sale in California.
- **For a 50-state vehicle:** This vehicle conforms to U.S. EPA and California regulations applicable to 2009 model year new motor vehicles.
- **For a federal vehicle certified for sale in California:** This vehicle conforms to U.S. EPA regulations applicable to 2009 model year new motor vehicles, and is certified for sale in California.

While the above examples refer to "2009," the year shown on the label of your vehicle will match your vehicle's model year.

Vehicle year	Make										Model						
	1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17
VIN																	

Emissions compliance certification

I certify this vehicle complies with California emissions standards. There is evidence of compliance on the vehicle's under-hood emission label. (WAC 173-423-050)

Emissions exemption certification

- Military Tactical Vehicle
- Vehicle sold for registration out of state (vehicle will not be registered in Washington)
- Rental vehicle – Final destination outside of Washington
- Emergency vehicle exempted by Department of Ecology
- Gross Vehicle Weight Rating over 10,000 pounds (passenger vehicles only)
- Gross Vehicle Weight Rating over 8,500 pounds (truck-type vehicles only)
- Vehicle has more than 12 seats (including driver)
- Vehicle has more than 9 seats behind driver
- I purchased this vehicle before becoming a Washington resident
- I acquired this vehicle by inheritance
- I acquired this vehicle by divorce, dissolution, or legal separation
- Vehicle was registered in another state/jurisdiction and the mileage on the odometer was over 7,500 miles at the time of the private sale or at the time of acquisition by a vehicle dealer

I declare under penalty of perjury under the laws of the state of Washington that the foregoing is true and correct.
