

IFTA Special Fuel Authorization Application

The IFTA Special Fuel Authorization enables IFTA carriers to purchase tax-deferred special fuel. IFTA carriers must meet the following criteria:

- Have bulk storage facilities
- Be able to accept full truck and trailer loads of special fuel into their storage facilities
- Have been licensed under the IFTA agreement during each of the last four consecutive calendar quarters
- Use, outside the state, an amount of fuel equivalent to at least 20 percent of the special fuel purchased in Washington during the last four consecutive calendar quarters

If you qualify under all of the preceding criteria, please complete this application and mail or fax it to:
