Special Fuel Supplier
Tax Return Instructions

Tax returns are due on or before the 25th day of the month following the end of the reporting period. The postmark on the mailing envelope is used as the receipt date. Returns postmarked after the due date will be assessed a penalty of 10% of the tax due. If postmarked after the end of the month, interest accumulates at 1% per month.

Required attachments
• Fuel Tax Receipts Schedule (Form FT-441-846), fill one out for each schedule type and product code.
• Fuel Tax Disbursements Schedule (Form FT-441-841), fill one out for each schedule type and product code.
• IFTA Authorization Schedule of Disbursements (Form FT-441-779), if applicable.

Computer generated forms will be accepted as long as the format is identical to ours.

Step 1:
A. Enter reporting period year, month, and your Special Fuel Supplier license number.
B. Place an “X” in each box that applies:
   No operations: Even if you had no activity during the reporting period, you must file a return to avoid revocation of your license.
   Late returns: When filing a late return, you must include the penalty and interest.
   Amended return: Report changes for a previous tax period with an amended tax return. Mark “Amended Return” in Section B. Record any payments made with the original tax return on line 14 and continue filling out the return. Attach supporting documentation of changes with your amended return.
   Name change: Provide your current business name. If you purchased or incorporated your business, a new application for license must be completed.
   New address: Provide physical and mailing addresses.
   Cancel license and effective date: The effective date is the date you stopped business operations. Tax returns must be filed through this date and taxes paid on remaining inventory.

C. Name and address: Type or print your business name and address.

Step 2: Turn to page 2 of the tax return – Round all reported fuel to the nearest whole gallon and convert liters to gallons at the rate of 3.785 liters per gallon. Do not use negative figures on the Receipt schedule or the Disbursement schedule.

Inventory
List your beginning and ending inventory for non-dyed, dyed special fuel, and biodiesel.

Receipts Schedule Non-Dyed
The Receipts Schedule (Form FT-441-846) documents all fuel received and produced.

Disbursement Schedule Tax Exempt Non-Dyed
The Disbursement Schedule (Form FT 441-841) records all tax exempt fuel sold and exported.

Dyed Special Fuel
Do not include rebranded fuel in this section.

Step 3: Return to page 1
Line 1. List your non-dyed special fuel physical inventory (this total will include both your special fuel and your biodiesel). This amount is the same as the ending inventory reported on your previous tax return. The inventory is for fuel in IRS licensed terminals, barges, and pipelines located in Washington State.

Line 2. Enter your non-dyed fuel received total from the Receipts schedule on page 2 of the tax return below R5.

Line 3. List your non-dyed special fuel physical inventory. The amount is the number of gallons you have left on the last day of the month in a licensed terminal located in Washington State.

Line 4. Add line 1 and line 2, then subtract line 3. This is your total accountable gallons.

Line 5. Enter tax exempt gallons distributed. The total is on the Disbursement schedule on page 2 of the tax return below D11.
Line 6. Line 4 minus line 5. This is your taxable gallons.

Line 7. If you are paying after the first of the month, following the due date, you owe interest. Interest is 1% compounded monthly of the total amount due (including penalty). To get your total, multiply the amount owing each month by 1%. This is your compounded interest amount.

   Example: You owe $100 and your payment is two months late, you incur a 10% penalty
   $100 x 10% = $110 (penalty plus original payment)
   $110 x 1% = $111.10 (original payment, penalty, and interest for the first month)
   $111.10 x 1% = $112.21 (first month penalty and interest plus the interest for the second month) total due.

Line 8. Line 6 minus Line 7. This is your net taxable or credit gallons total. This is your total fuel tax amount.

Line 9. The amount listed on line 8 is multiplied by the tax rate.

Line 10. To compute your penalty, multiply line 9 by 10% and enter this amount on line 10. See example on Line 12.

Line 11. Add line 9 to line 10.

Line 12. If you are paying after the first of the month, following the due date, you owe interest. Interest is 1% compounded monthly of the total amount due (including penalty). To get your total, multiply the amount owing each month by 1%. This is your compounded interest amount.

   Example: You owe $100 and your payment is two months late, you incur a 10% penalty
   $100 x 10% = $110 (penalty plus original payment)
   $110 x 1% = $111.10 (original payment, penalty, and interest for the first month)
   $111.10 x 1% = $112.21 (first month penalty and interest plus the interest for the second month) total due.

Line 13. Add line 11 to line 12, this is your total fuel tax amount.

Line 14. If you are filing an amended return, enter all payments you have made for this reporting period.

Line 15. If line 13 minus line 14 is greater than zero, this is the amount owed.

Line 16. If line 13 minus line 14 is less than zero, this is the refund amount.

**Signature required**
Sign, date, include title, and phone number of the person authorized to sign the tax return.

**Payments**
- All payments must be made in U.S. funds. Make checks payable to Department of Licensing.
- All payments of $50,000 or greater must be made via electronic funds transfer (EFT). EFT payments are due on or before the 26th of the month. If the 26th falls on a weekend or legal holiday, pay by the next business day. If you are paying via EFT, place an “X” in the EFT box.

**Credits**
If line 16 on the tax return is listed as a credit of $2,000 or more, provide copies of Washington tax paid invoices with the tax return supporting Line R1. The Department may require copies of invoices to support refund claims for less than $2,000. Original invoices must be kept for audit purposes.

**Questions**
Contact us at (360) 664-1852

**Records**
Records must be kept for five years for all special fuel received, sold, distributed, or used for own consumption and provided to the Department when requested. These include invoices, bills of lading, and other papers. Information may be disclosed to the Internal Revenue Service.
