

How to Set Up a New Online Unlicensed Refund Account as a Business or Trust in Taxpayer Access Point, TAP.

Welcome to the Washington State Department of Licensing Prorate and Fuel Tax Services Taxpayer Access Point (TAP). The information you will see in this tutorial is completely fictitious. It has been made up and is intended for instructional purposes only. Any resemblance to a real person or business is entirely coincidental. TAP uses pop-ups to assist in the registration process. We recommend you disable the pop-up blocker settings on your computer and allow pop-ups from the TAP website.

In this tutorial, you will learn how to register your business or trust, create your online profile and set up your account(s) through TAP. Once the registration process has been completed, you will be able to login and manage your account(s); file your refund claims, view and print filed claims and correspondence related to your account(s); and gain access to the rest of the online services we provide.

At any time during this process you can save your work by clicking on Save and Continue or by clicking on Save and Finish Later. The Save and Finish Later option will allow you to exit TAP and return at a later time or date to complete your request.

For this tutorial, TAP was accessed by using the Internet Explorer browser. You can use other browsers (Google Chrome, Mozilla Firefox, Safari, etc.) to access TAP but there might be slight differences in how the screens display.

Click on **Set up a new online Prorate, IFTA, Fuel Tax, and/or Unlicensed Refund Account.**
